Robyn Collier Workshop

Thank you to Robyn for a most enjoyable and well presented workshop. The morning kicked off at 10am and we were all reviving to go.

Robyn demonstrated her style and then allowed us to complete our own step by step.

Lots of hints along the way and using gamsol for thinning our paints and baby oil to clean our brushes really was enlightening how non-toxic oil painting could be.

Many thanks to Tania for the lovely food organised for lunch and her endless hard work setting up the projector and screen.

These were some of the comments from those that attended:

“It was lovely to join the painting workshop today. I like the step by step instruction and learn the colour and technique. Lunch was beautiful and set up for the projection is perfect. Thank you all for your hard work”.

“I had a wonderful day lost track of time. It all went smoothly.

Robyn is a beautiful painter and for me being around like minded people so enriching...And to top it all off lunch...a big thank you to Tania...”

“How can you improve on yesterday?”

“Thoroughly enjoyed the workshop. Thank you and the team for making it an enjoyable day. A Special Thank you to Tania all that food”.

By the end of the day we all had our own masterpieces to take home. Many thanks to Linda Ferlazzo and Tania Saeed for their efforts and assisting me with the Workshop.
